David Icke's extraordinary story and the message that Truth Vibrations brings to every man, woman and child is of importance to the future of planet Earth.

Shipping Finance Annual

John Newport delivers a comprehensive study of the impact of New Age beliefs on contemporary culture - and on Christianity itself - while also offering an effective, biblical antidote to today's worldview crisis. After first surveying the historical development of the New Age worldview, from ancient times through important tendencies in nineteenth-century America to recent Far Eastern influences, Newport explores in depth eleven key areas of the New Age worldview and contrasts each area of belief with the traditional biblical worldview.

Truth Vibrations – David Icke's Journey from TV Celebrity to World Visionary

David Icke's extraordinary story and the message that Truth Vibrations brings to every man, woman and child is of importance to the future of planet Earth.

The Paranormal Source Book

Truth Vibrations is the first book in New Age visionary and conspiracy theorist David Icke's series of groundbreaking exposés of the mysteries of life, the possibilities for the future of humanity, and the history of the global conspiracy known as the New World Order. On 29 March 1990, David Icke visited a healer. What happened that day and in the months that followed changed his life forever. The former professional footballer, TV presenter and Green politician found himself on a wondrous, transformative journey of discovery. Guided by master souls from other dimensions, he went to Canada, the United States and all over Britain, meeting sensitives and helping to balance the disturbed earth's energy systems. This journey led David Icke to write the explosive Truth Vibrations, a revelatory book which looks at the great mysteries which for centuries have baffled scientists, doctors and historians were unravelled for David Icke: why are we here? What is the truth about God and Jesus? What happens to us when we die? What are crop circles and who makes them? Did Atlantis exist? Most importantly, David Icke reveals who the Illuminati and the Babylonian Brotherhood are, exposing a global conspiracy that has been controlling the fate of the world's people for century by keeping it in a state of mass hypnosis. But David Icke's Truth Vibrations also offers hope, through his new vision of the world and his prediction for an Age of Aquarius. Through his visions, David Icke has learned what is to befall humanity and what steps we can take to reduce the physical and emotional impact of the enormous changes that are about to confront our planet and all life upon it. During his spiritual journey, he discovered the truth vibration, an energy frequency which can break us out of our hypnotised state and allow us to face the challenges of the twenty-first century. Many of the events he predicted in the eye-opening Truth Vibrations over 20 years ago have since come to pass, making David Icke's extraordinary story and the message that Truth Vibrations brings to every man, woman and child of supreme importance to the future of planet Earth. It is a must-read and will change your view of the New World Order forever. Truth Vibrations: Table of Contents Introduction Guided by the Light Life After Life Letters from the Gods The Grand Design Spirit of the Stones Lord of the Age Diamonds in the Mud Journey to Aquarius New Vibrations The Message Notes
The unprecedented growth of hate movements on both sides of the Atlantic is thoroughly explored in this groundbreaking collection of original essays.

**The Robots' Rebellion – The Story of Spiritual Renaissance**

The Handbook of Conspiracy Theories and Contemporary Religion is the first collection to offer a comprehensive overview of conspiracy theories and their relationship with religion(s), taking a global and interdisciplinary perspective.

**THE MYSTERIES (About occultism in religion) Bernard Heuvel hardcover**

This book explores the great ontological question, namely, what is the meaning of life. And it's in two parts. The first part looks at psychological, philosophical, sociological and spiritual theories, which includes witchcraft. This sets the stage for part two, which addresses religion, politics, prophecy, aliens/UFOs, and scientific explanations for our existence. The mind is the common thread that links the chapters. Fundamentally, we're on the brink of a New World Order that's been orchestrated by Satan and for Satan. He's on his sordid way. Thus, it bodes well to be prepared for the coming great deception.

**Truth Vibrations**

**UFOs, Conspiracy Theories and the New Age**

Alien abductions, angels, dreams, ESP, ghosts, healing, poltergeists, reincarnation, crop circles, UFOs.

**Occam's Nightmare**

Has a new political ideology emerged in the aftermath of the Sixties? Gayil Talshir examines the ideological evolution of green parties in Britain and Germany and traces the formation and transformations of a new type of ideology - a modular ideology. In the 1980s, the 'extraordinary opposition', New Left and ecology movements developed, a distinct and social vision that paved the political road for the transformation of democracy. Talshir explores this journey from the politics of nature to changing the nature of politics.

**UNIVERSAL TRUTH**

Narratives based on conspiratorial and paranoid thinking have become increasingly prominent throughout the 20th and 21st centuries. From the prosaic to the outlandish, conspiracy theories involve aliens and Nazis, underground bases and mind control technology. They range from sinister tales of malevolent reptilian beings infiltrating our government to fears of the New World Order rounding up patriotic Americans and putting them into internment camps. These stories and their underlying concerns have a long history in the U.S. and have often been bolstered by revelations of real conspiracies and cover-ups by private and public entities. This book examines conspiracy theories and the narratives constructed by those who believe and propagate them, providing a unique view of U.S. history and highlighting fears both founded and unfounded.

**Ideology and Politics in Britain Today**

Described by Professor Hans Holzer, a leading authority in America on the paranormal, as the greatest medium of our time, Philip Solomon shares his amazing story, from his childhood psychic experiences of been born into a mediumistically gifted family with show business connections, through his many strands of spiritual and psychical development, to the finely honed, highly attuned state of awareness he has achieved. For those of you who think that mediumship is merely passing on messages from beyond the grave to members of a Spiritualist church or theatre audience, then your eyes are about to be opened, as this book covers predictions, meditation, hypnotism, sports psychology, guides and angels, ghosts and the paranormal, healing, astrology, leylines and UFOs, with an emphasis on the innate ability in each and every one of us to develop psychic awareness. With a fitting foreword by respected fellow-medium, Derek Acorah, this book will definitely challenge your perceptions and broaden your outlook on life, both on the earth plane and in the spirit world beyond. In this and his many previous books, Philip Solomon's intentions and convictions are clear. He has been chosen by Spirit to walk a sometimes difficult pathway on a mission to prove beyond doubt the existence of life after death and otherworldliness and to assure those that have lost loved ones that death is not the end.

**Shamanic Quest for the Spirit of Salvia**

David Icke exposes what he says is the real story behind global events which shape the future of human existence.

**The Enlightenment Quest and the Art of Happiness**

How-and why- were UFOs so prevalent in both conspiracy theories and the New Age milieu in the post-Cold War period? In this ground-breaking book, David G. Robertson argues that UFOs symbolized an uncertainty about the boundaries between scientific knowledge and other ways of validating knowledge, and thus became part of a shared vocabulary. Through historical and ethnographic case studies of three prominent figures—novelist and abductee Whitley Strieber; environmentalist and reptilian proponent David Icke; and
Wilcock, alleged reincarnation of Edgar Cayce-the investigation reveals that millennial conspiracism offers an explanation as to why the prophesied New Age failed to arrive—it was prevented from arriving by malevolent, hidden others. Yet millennial conspiracism constructs a counter-elite, a gnostic third party defined by their special knowledge. An overview of the development of UFO subcultures from the perspective of religious studies, UFOs, Conspiracy Theories and the New Age is an innovative application of discourse analysis to the study of present day alternative religion.

Life, One Big Existential Crisis

The vast majority of us unknowingly suffer from a slave mentality. We constantly experience the psychological phenomena of cognitive dissonance, where our beliefs and behaviour are in conflict, and Stockholm syndrome—the traumatic bonding with a captor. Our ability to decode reality is linked to what we are able to perceive. Icke believes our reality has been hijacked by an invisible force the Gnostics used to call Archons. He maintains that we are headed towards a cashless world and human settlements which are projected as local community initiatives but are actually centralized systems of control. Our health is being systematically weakened: if you are sick, you are easier to control. Icke’s dystopian view of the future assumes that the masses will stay glued to their TVs, locked forever into the hive mind of the Matrix, which says "I have no power". Can humanity break free? Through truth and love we can become who and what we really are.

Return of the Dark/light Mother Or New Age Armageddon?

This book draws upon the legacy of wisdom from ancient manuscripts, which can have a profound impact on your life. Mankind is oblivious to the extent of the devastation bestowed on the environment, and the fact that we are jeopardising the survival of future generations. There has never been so much violence, crime, corruption, murder and war in the history of mankind. In spite of our triumphs, in terms of scientific discoveries, we are deprived of physical, emotional and spiritual well-being. The state of the outer world reflects the condition of our inner world. This book provides the reader with a renewed epiphany and insight into the extent to which we have strayed from our authentic self or true essence. Our main obstacles are ignorance, apathy and complacency. We are morally bankrupt and the solution to our problem is a soul-ution. Most people are unaware of the fact that we all have the ability to tap into the realm of Divine Universal Energy that surrounds us. We have the ability to live from a soul level; to connect with the sacred spiritualism, gothic and postcolonial ghost stories, and popular film, with essays on important theoretical writers including Freud, Derrida, Adorno, and Walter Benjamin.

Children of the New Age

This book unlocks many of the mysteries held throughout ancient times by introducing the reader to concepts and beliefs predating organized religion. Universal Truth is an expose of hidden knowledge and truths practiced by adepts and spiritual masters since the beginning of time as we know it. In this book, Dr. Rogers researches countless subjects dealing with metaphysical teachings to help readers gain a better understanding of the world in which live and the laws that govern it. Universal Truth is the key to the kingdom for anyone who’s not afraid to venture beyond the known into a world of secrecy and mystery that lay hidden from the common person. But, be for-warmed, this is not a book for the religious at heart nor the conditioned thinker, but rather this is a book for the open-minded and the brave spirited. You wont believe what’s been hidden from you by the Church, the world governments and the powers that be. This is truly a masterpiece and a cornucopia of light for the ardent seeker of wisdom.

Time to Awaken and Heal

This book draws upon the legacy of wisdom from ancient manuscripts, which can have a profound impact on your life. Mankind is oblivious to the extent of the devastation bestowed on the environment, and the fact that we are jeopardising the survival of future generations. There has never been so much violence, crime, corruption, murder and war in the history of mankind. In spite of our triumphs, in terms of scientific discoveries, we are deprived of physical, emotional and spiritual well-being. The state of the outer world reflects the condition of our inner world. This book provides the reader with a renewed epiphany and insight into the extent to which we have strayed from our authentic self or true essence. Our main obstacles are ignorance, apathy and complacency. We are morally bankrupt and the solution to our problem is a soul-ution. Most people are unaware of the fact that we all have the ability to tap into the realm of Divine Universal Energy that surrounds us. We have the ability to live from a soul level; to connect with the sacred and to increase our awareness. The possibility of perfect health, serenity, and inner peace exists within the Spiritual Realm. The choice, to live in this Realm and in harmony with the Universal Laws, comes with certain responsibilities. This book offers guidelines, which will assist you to live with increased joy, purpose, passion and meaning. Applying these principles can make the difference between surviving and thriving.

The New Age Movement and the Biblical Worldview
The Earth is in crisis. Clearly, humanity has lost touch with Nature. We are, every second, committing appalling damage to the environment, to ourselves, to other species and to the home we share. The answers to environmental decline will not come by trying to persuade politicians and industrialists that urgent and fundamental changes are required. They are motivated by the need to get elected and by self-interest. Neither scientists nor the church seem to know what needs to be done either. What can WE do to heal the world?

Former television personality turned world visionary, David Icke gives positive suggestions about how to discover our path and recognise that we are part of a larger consciousness, connecting with others and learning how to heal the Earth. He says we have to begin at home. Healing others and healing the world has to start with self-healing, rediscovering self-respect and love in one's own life. Freedom starts with learning and overcoming fear and guilt and releasing our social conditioning. Judging others can become listening and understanding. We need to rediscover Earth's energies and the special places where we can best connect with these energies, and balance the negative and positive.

Formerly best-known as a TV sports commentator and leading spokesman for the British Green party, David Icke has gained increasing authority as a tireless campaigner for truth. His widely publicised spiritual transformation has given him the courage to speak out fearlessly against lies and deceit. David's engaging, readable style allows complex ideas to be easily understood. He travels extensively, offering public talks and discussions around the UK and USA about the world transformation.

**Nation and Race**

**Antisemitism**

José Mário dos Santos Mourinho Félix, kortweg José Mourinho. Geen enkele trainer wordt zo zeer verguisd als verafgood als deze oefenmeester. ‘The special one’ reeg in het verleden overwinning na overwinning aaneen, maar bij Manchester United lijkt er zand in de raderen gekomen in de methode-Mourinho. In het coververhaal van Hard gras 123 waagt Sam Planting zich aan een diepgravende analyse. Stephanie Hoogenberk observeerde in de tussentijd de laatste ontwikkelingen bij de Oranje Leeuwinnen op weg naar de glorende wereldtitel. Zeger van Herwaarden onderzocht het verschil in ontwikkeling tussen jeugdspelers die vanaf de kant kapot worden gecoacht en zij die van de trainer hun gang mogen gaan, zoals bijvoorbeeld Ruben Kluivert en Maxim Gullit. Behalve de toekomst, komt het verleden aan bod in het artikel van Rob van Vuurde over het samenstellen van een kalender geheel gewijd aan Abe Lenstra. Deze voetballer wordt in Friesland beschouwd als ‘groter dan Cruyff’.

**Towards a Science of Belief Systems**

Far too ignorant of the histories of the rest of the world, being aware of only the accomplishments of Greece, Rome and Europe, Westerners have been made to believe that their societies represent the most superior examples of civilization. However, the Western value system stems from a misconception that, as in nature, human society too is evolving. The idea derives from the hidden influence of secret societies, who followed the belief in spiritual evolution of the Kabbalah, which taught that history would attain its fulfillment when man would become God, and make his own laws. Therefore, the infamous Illuminati gave its name to the Enlightenment of the eighteenth century, which claimed that human progress must abandon “superstition,” meaning Christianity, in favor of “reason.” Thus the Illuminati succeeded in bringing about the French and American revolutions, which instituted the separation of Church and State, and from that point forward, the Western values of Humanism, seen to include secularism, human rights, democracy and capitalism, have been celebrated as the culmination of centuries of human intellectual evolution. This is the basis of the propaganda which has been used to foster a Clash of Civilizations, where the Islamic world is presented as stubbornly adhering to the anachronistic idea of “theocracy.” Where once the spread of Christianity and civilizing the world were used as pretexts for colonization, today a new White Man’s Burden makes use of human rights and democracy to justify imperial aggression. However, because, after centuries of decline, the Islamic world is incapable of mobilizing a defense, the Western powers, as part of their age-old strategy of Divide and Conquer, have fostered the rise of Islamic fundamentalism, to both serve as agent-provocateurs and to malign the image of Islam. These sects, known to scholars as Revivalists, opposed the traditions of classical Islamic scholarship in order to create the opportunity to rewrite the laws of the religion to better serve their sponsors. Thus were created the Wahhabi and Salafi sects of Islam, from which were derived the Muslim Brotherhood, which has been in the service of the West ever since. But, the story of the development of these Islamic sects involves the bizarre doctrines and hidden networks of occult secret societies, being based on a Rosicrucian myth of Egyptian Freemasonry, which see the Muslim radicals as inheritors of an ancient mystery tradition of the Middle East which was passed on to the Knights Templar during the Crusades, thus forming the foundation of the legends of the Holy Grail. These beliefs would not only form the cause for the association of Western intelligence agencies with Islamic fundamentalists, but would fundamentally shape much of twentieth century history.

**The Mysteries: Unveiling the Knowledge of Subtle Energy in Ritual**

**Spiritual Renaissance**

**Phantom Self**
David Icke’s strongest book to date, The Robots’ Rebellion reveals the alarming extent to which people of all nations are programmed by the ideas fed to them by those in power. We live in a world which is increasingly dominated by technology but, according to Icke, it is we who are the robots. Fearlessly, he tears down the veils of hypocrisy, built up for generations by the corrupt forces of Church, State, science and commerce – and reveals the true pathos of the human condition beneath. He points, too, to the frightening influence wielded throughout the planet by a merciless and manipulative network of secret societies. The existence of long-established links between Earth-bound humanity and beings from other dimensions and planets in the Universe has been suppressed for years, says Icke, by the world’s power-brokering hierarchy. When ordinary people learn the real role they have to play within a rich and varied cosmic society, rebellion against those who have kept this extraordinary truth from them will, he predicts, be inevitable. The author is no stranger to controversy. Formerly best-known as a TV sports commentator and leading spokesman for the British Green Party, he is gaining increasing authority as a tireless campaigner for truth. His widely-publicised spiritual transformation has given him the courage to speak out fearlessly against lies deceit. Hidebound politicians, bankers, economists, educationalists, scientists and the leaders of the world’s established religions are not going to welcome Icke’s challenging book. But it is not intended for those who wield and abuse power. This book is for the world’s unwilling robots who, says Icke, in an upbeat conclusion, have it within themselves to rise up – and take control of their own exciting destiny. The Robots’ Rebellion: Table of Contents Introduction Remember Who You Are PART ONE: The Darkness The Takeover Bid Collective Amnesia The Brotherhood of Clans Bible Stories Hell on Earth Arabian Knights The Cracks Appear Eagle Tails The Rule of Science The World at War Big is Beautiful The New World Order When Will We Ever Learn? Cognitieve gedragstherapie voor Dummies

The first practical guide to the transformative uses of salvia • Explains how salvia connects you with your higher purpose and aids you in envisioning your unique path in life • Describes appropriate methods of use, a shamanic diet to increase effectiveness, and the meaning of the symbols experienced during salvia’s ecstatic embrace • Explores recent clinical research into salvia's long-term positive psychological effects and its potential as a treatment for Alzheimer’s, depression, and addiction Salvia divinorum has been used since ancient times by the Mazatec shamans of Mexico for divination, vision quests, and healing. Known by many names--nearly all associated with the Virgin Mary, who has come to symbolize the spirit of salvia--this plant ally is now regarded as the most powerful natural hallucinogen. Providing the first practical guide to the shamanic, spiritual, and therapeutic uses of salvia, Ross Heaven shares his in-depth quest to connect with the spirit of this plant teacher. He explores recent clinical research into its many long-term psychological effects, such as increased insight and self-confidence, improved mood and concentration, and feelings of calmness and connection with nature, as well as salvia's potential for combating diseases like Alzheimer’s, depression, and even cocaine addiction. Reviewing the traditional Mazatec ceremonies surrounding salvia's harvest and use, Heaven describes appropriate methods of consumption, typical dosages, and the shamanic diet he used to increase salvia's effectiveness. Examining firsthand accounts of salvia journeys from around the world, he decodes the meaning of the symbolic images experienced during salvia’s ecstatic embrace and details the interplay between salvia and the lucid dreaming state. Comparing salvia to ayahuasca and the San Pedro cactus, Heaven explains that salvia’s greatest strength as a shamanic plant ally lies in its ability to connect you with your higher purpose and aid you in envisioning your unique path in life.

Antisemitism has been on the rise in recent years, with violent attacks, increased verbal insults, and an acceptability in some circles of what would hitherto have been condemned as outrageous antisemitic discourse. Yet despite the dramatic increase in debate and discussion around antisemitism, many of us remain confused. In this urgent and timely book, Rabbi Julia Neuberger uses contemporary examples, along with historical context, to unpack what constitutes antisemitism, building a powerful argument for why it is so crucial that we come to a shared understanding now.

Black Terror White Soldiers

Children of the New Age, a history of the New Age phenomenon, combines ethnographic research with archival material to give an overview of New Age belief and practice from the 1930s to the present day. It chronicles the development of alternative spirituality from embryonic beginnings to a universal trend: from its inception within the underground enclaves of Rosicrucians, occultists and Alice Bailey’s neo-theosofists to its modern-day incursion into mainstream political, musical and artistic culture. But this is also a critical history. New Age culture, says author Steven J. Rutcliffe, is notoriously variegated and hotly contested, exposed to competing strands of revelation and apocalypse. Caught between the hippy explosion and the doomsday scenarios of millennial Christianity and UFO groups, it has been the preserve both of extreme religious individualists and of humanistic countercultures lauding the Edenic perfection of this worldly existence. At stake in its history are controversial questions of value, and of its perceived status as a discrete and unified “movement.” This book contains firsthand accounts of the author’s adventures in counterculture, including firewalking, spiritual healing workshops and life within a Findhorn community, and archival correspondence and publications from the 1950s and 1960s.

Handbook of Conspiracy Theory and Contemporary Religion

People believe in a great many things; and yet most of us know almost nothing about why other people believe what they do, or indeed about how it feels to believe it. This book presents an objective method for understanding and comparing belief systems - irrespective of whether the investigator happens to agree with them.

The Political Ideology of Green Parties

Politicians still call themselves socialists, conservatives and liberals, but among these groups exist very different understandings of what these terms represent. This new book
provides a clear, comprehensive and up-to-date introduction to the ideas and doctrines that have shaped, and will continue to shape, British politics. The first section of the book looks at different aspects of the wider context, the nature of political doctrines or ideologies and the role they play in politics in general. The main section of the book examines individual ideologies, broadly grouped into two categories of "mainstream" ideologies—conservatism, socialism, liberalism, and nationalism—and the "fringe"—namely the Greens, the far left and the far right. British democracy, economic policy and consensus, the nature of ideological thinking and its place in politics are also considered. Finally, a short section considers the future: what forces, such as globalization and postmodernity, will shape the further development of those doctrines which are part of British politics today?

**Hard gras 123 - december 2018**

This is a revised and expanded edition of Barbara and Gerry Clow’s classic 2004 text. This sequel to the bestselling underground classic The Pleiadian Agenda outlines their theory of the nine dimensions of human consciousness and how those nine dimensions have become essential to our evolutionary survival. Incorporating the research and insight of the Swedish biologist Carl Calleman, the Clows demonstrate how recent scientific discoveries validate their theories. The existence of the nine dimensions of human consciousness can be proved by science. The most controversial aspect of this book is their exploration of the Mayan prophecies. Counter to much of the prevailing opinion, the fulfillment of the prophecies will not result in the Apocalypse, but will usher in a new and expanded era of human consciousness. They also assert that the beginning of this new era begins not on December 21, 2012—but on October 28, 2011—making the time of the great shift in consciousness just around the corner. Provocative and informative, the Clows have provided an explanation and roadmap for the future. It will be embraced by all who are interested in the evolution of human consciousness.

**Guided by the Light**

Religions are at their core about creating certainty. But what happens when groups lose control of their destiny? Whether it leads to violence, or to nonviolent innovations, as found in minority religions following the death of their founders or leaders, uncertainty and insecurity can lead to great change in the mission and even teachings of religious groups. This book brings together an international range of contributors to explore the uncertainty faced by new and minority religious movements as well as non-religious fringe groups. The groups considered in the book span a range of religious traditions (Christianity, Buddhism, Hinduism, Islam), old and new spiritual formations such as esotericism, New Age and organized new religious movements, as well as non-religious movements including the straight edge movement and the British Union of Fascists. The chapters deal with a variety of contexts, from the UK and US, to Japan and Egypt, with others discussing global movements. While all the authors deal with twentieth- and twenty-first-century movements and issues, several focus explicitly on historical cases or change over time. This wide-ranging, yet cohesive volume will be of great interest to scholars of minority religious movements and non-religious fringe groups working across religious studies, sociology and social psychology.

**Searching Issues**

What really happened to ATLANTIS? Did ANCIENT ALIENS really build the PYRAMIDS? Is there a SECRET GOVERNMENT that plans to POISON most of the population? Is BIG PHARMA harming us to turn a profit? Are MCDONALD'S HAMBURGERS really made from INSIDIOUS CHEMICALS? Are we really close to the END OF THE WORLD? OCCAM'S NIGHTMARE is an exploration of the world of conspiracy theories, alternative science, pop culture, and how they all tie together. Mapping the history of speculative and dubious ideas, CRACKED contributor S. Peter Davis traces a genealogy of wacky hypotheses right back to where they all began. How horror author H.P. LOVECRAFT is responsible for both SCIENTOLOGY and ANCIENT ALIENS How ONE WOMAN created the MYTH OF ATLANTIS, the DAVID ICKE PHENOMENON, and NAZISM How a theory of disease from the time of the BLACK DEATH is responsible for both ALTERNATIVE MEDICINE and VACCINE HYSTERIA How CHARLES MANSON is really behind the controversy about OBAMA'S BIRTH CERTIFICATE

**Connecting Link**

As we begin to think more deeply about the meaning of life, it's not long before we come across tough questions that deserve careful consideration. This book explores and discusses seven common objections to the Christian faith, including: - Why does God allow suffering? - What about other religions? - Is there a conflict between science and Christianity? Drawing on several years of talking through these issues with people looking for answers, Nicky Gumbel offers clear, accessible and reasoned responses to the questions that surround faith and Christianity in the modern world. He goes beyond the logic of each question and applies it to a wider understanding of God's identity and our own identity, with practical suggestions for dealing with these issues in everyday life. 'Gumbel's combination of humour, anecdote, metaphysics, quotations from the Bible and complex theology are both persuasive and compelling.' - The Observer

**Conspiracy Theories**

Award-winning actor and playwright John Maxwell Taylor builds on the success of his previous book, The Power of I Am, in this eloquent call to awaken from our collective trance and to claim the transformative power and happiness that is our birthright. Drawing on his forty years' experience in spiritual self-transformation, Taylor offers a potent array of practical tools, stories, and life lessons that help us reorder the events in our lives, the way people respond to us, and the impact we have on the world. The Enlightenment Quest and the Art of Happiness shows us how to master ourselves so that we can harness the energy of higher power to surmount the chaos of the modern world and provides strategies for "sociological aikido" that allow us to deal effectively with negative people, narcissists, and egotists. Informed by Taylor's incredibly varied background—from
European pop star, to student of Paramahansa Yogananda, Gurdjieff, and Mantak Chia, to resident at the pioneering Findhorn Community, to playing Carl Jung on stage for many
years–this book demonstrates how, by understanding the powers active in creation, we can become instruments through which higher power continually flows to advance our evolution
toward consciousness. In doing so, we not only transform ourselves, we become powerful agents for changing the world. Readers learn how to: • Deal with negative people and
egotists • Use higher power to redirect the world around one to one’s own advantage • Stay sane in an insane world by understanding true spiritual psychology • See the world as it is instead of spiritually daydreaming that “things are going to get better” • Move beyond conspiracy theories and conspire instead to create a united world of consciousness • Gain fresh insights into the work of Campbell, Jung, Paramahansa Yogananda, Gurdjieff, and others • Apply the Findhorn principles of miraculous manifestation as practiced by the
author since 1973 From the Trade Paperback edition.
